Stainless steel body / black finishes*

XLVI K7

A domestic use coffee machine, for a “smooth flow” extraction as the typical XLVI machines. Made with the finest materials and innovative technology. Customizable in colors and materials

KEY FEATURES

- **Easy Use:** drink your favorite coffee has never been easier. Simply press a button to start the brewing process
- **Fast Cleaning:** thanks to the removable drip tray and pull-out water tank
- **Compatibility:** available in both ground coffee or ESE pod
- **Coffee Extraction:** “Smooth flow”, sweet and smooth dispensing flow for a velvety and homogeneous texture into the cup
- **Last generation P.I.D system**
- **Automatic On/Off and Eco Mode:** the machine automatically turns off after a period of inactivity, helping to save energy
- **Group head Temperature Control**
- **Dose setting program**
- **Customizable in colors and materials**
